WHAT OUR USERS SAY

We can tell you about the benefits of our system, but don't take our word for it. Here's some real feedback we have received from employees and HR professionals who use our system every day.

## WHAT DO HR PROFESSIONALS HAVE TO SAY?

*"We would recommend Apprize to anyone! It is extremely user-friendly, even for our employees that don't use computers. This has saved time on everything...making enrollment changes, copying and filing, looking up information, record keeping."*

*"Apprize is fabulous. They are always going the extra mile for anything that we need. It has made my life so much easier."*

*"The response from employees has been extremely positive. They have really appreciated not having to fill out enrollment forms. Our enrollment accuracy has also increased since we went online. The information gets to our insurance carriers faster, and there are definitely less errors."*

*"This was the first renewal where we did open enrollment online, and for the first time ever we did not have to spend the weekend after closing open enrollment processing all the paper forms! It went so smoothly. We will never go back to paper again."*

*"This has really helped me with our new hires. Instead of sitting with each new employee and explaining how to fill out all of the forms and paperwork, I just give them the login and then I get a notice when they are done. When I do sit down with the employee, we can spend the time focusing on the actual benefit plans, not how to enroll for them."*

*"The reports are great. It makes updating payroll and getting HR info very easy. Your system has much better reporting tools than my payroll system."*

## WHAT DO EMPLOYEES HAVE TO SAY?

*"Thank you for the opportunity to complete the enrollment at my leisure and online."*

*"Very easy to use. This makes the HR paperwork process much less painful."*

*"It was very informative with every step displaying the important data needed for review or decision making. I have used other on-line and phone enrollment systems and yours is the best I've ever used. THANK YOU!"*

*"AWESOME! Thanks for eliminating the PAPER!"  
"Everything was quick and easy. I prefer this system over the paper method immensely!"*

*"This is the easiest method and so simple to use! It saves the headache of having to fill out form after form with the same information each year!"*

*"It worked great, and had links to all the questions I had."*

*"This absolutely rocks! Being a Webmaster, I'm a little biased, but I'm very pleased with the ease and accessibility of this form. Compliments to the HR group for their efforts."*

*"Online enrollment took a grand total of 8 minutes and I was able to work at my desk. It kept my day moving."*

*"KEEP IT! KEEP IT! KEEP IT! Really hassle free enrollment. This is much easier than dealing with a bunch of forms. Having the documentation accessible by click is great too. A painful process made easy."*
